## GENERAL NOTES FOR GUIDANCE OF MEMBERS

### 1. Notice Boards

Before entering the clubhouse, members should check the notice boards for confirmation, alterations and/or additions to the diary of events.

### 1. Tee Starting Times

Members and guests are asked to report to the professional shop before teeing off and obtain a ticket prior to starting.

Weekends & Bank Holidays – Members may introduce guests.

### 3. Handicaps

Handicaps can be obtained from the club secretary or at [www.masterscoreboard.com](http://www.masterscoreboard.com). For further information please contact a member of the mens committee or a member of the Pro-shop staff. Members are reminded that their guests are their responsibility with regard to playing ability, golf etiquette and their behaviour and dress on the course and in the clubhouse.

### 4. Dress

On the course the following dress is not acceptable:

Jeans/denim clothing and tracksuits.

In the summertime tailored shorts with short sports socks are acceptable. In the clubhouse, smart casual attire is required at all times.

All members/guests are requested to change out of their soiled golfing clothes before entering the clubhouse.

### 5. Marshalls

Marshalls are empowered to ensure members and visitors play and observe the rules of golf as outlined in the "Rules of Golf". Non-compliance could result in players being asked to leave the course.

### 6. Etiquette

All members should note and act on the following "Rules of Etiquette - Section 1 of the Rules of Golf".

In the interests of all, players should play without delay. No player should play until the players in front are out of range. Players searching for a ball should signal the players behind them to pass as soon as it becomes clear that the ball will not be easily found; they should not search for five minutes before doing so. They should not continue to play until the players following them have passed and are out of range.

When the playing of a hole is completed the players should immediately leave the putting green. No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke. Before leaving a bunker a player should carefully fill up and smooth over all holes and footprints made by him.

Through the fairway a player should ensure that any turf cut or displaced by him is replaced at once and pressed down and that any damage to the putting green made by the ball is carefully repaired.

Players should ensure that no damage is done to the putting green, and that neither they or their caddies damage the hole by standing too close to it, in handling the flagstick or in removing the ball from the hole. The flagstick should be laid gently on the green and properly replaced in the hole before the players leave the putting green. Players should not damage the putting green by leaning on their putters, particularly when removing the ball from the hole.

Caddy carts should not be taken onto the putting greens.

### 7. Slow Play and Consideration

It is perfectly possible to complete a four ball round in about four hours. Slow play usually results from a failure to clear the green promptly, or from being unprepared to play your shot once it is your turn. Your cooperation in this area will demonstrate consideration for other golfers and help considerably towards eradicating these unnecessary problems.
